PROFILE

I am an enthusiastic and adaptable IT professional with a strong desire to grow my skills across various areas of technology, from software development to data analysis and cloud computing. My passion for continuous learning drives me to contribute meaningfully to IT projects and initiatives, with a focus on precision and collaboration in fast-paced, innovative environments. I am excited to bring my dedication, technical aptitude, and commitment to achieving impactful results in a role where I can support and enhance the success of IT and software solutions.

WORK EXPERIENCE

Shift Manager

Burger King 2021 - Present

While working at Burger King and studying at SIT, I took on a managerial role where I focused on ensuring smooth shift operations, efficiently managing Back of House (BOH) tasks, and optimizing sales performance. My responsibilities included overseeing team coordination, maintaining high standards in BOH operations, and implementing strategies to maximize sales and service quality.

- Ensuring smooth day-to-day operations of the restaurant.
- Took charge of the Back of House (BOH) operations, making sure everything ran smoothly. I was hands-on with ordering stock, ensuring we had what we needed to prep food efficiently..
- Implemented strategies to enhance sales performance, contributing to the overall profitability of the restaurant.
- Worked collaboratively with team members to coordinate tasks and maintain a positive work environment.
- Thrived in a fast-paced environment, demonstrating adaptability and quick decision-making skills.
- Prioritized customer satisfaction, ensuring a high standard of service and addressing customer needs promptly.

Help Desk

Southern Institute of Technology 2023

During my internship at SIT, I actively contributed to the Help Desk, where my primary focus was assisting fellow students facing challenges with their devices. In this role, I provided timely and effective support, addressing a variety of technical issues. This experience refined my technical troubleshooting skills and strengthened my dedication to assisting others in navigating the complexities of their digital tools.

- Acted as a reliable resource at the Help Desk, providing personalized assistance to fellow students facing device issues.
- Approach problem-solving with a touch of patience, ensuring each student felt supported and understood.
- Ensuring my solutions were not just effective but also straightforward, making the issues less stressful for students.
